For many years, her family has had economical problems and one day she couldn't stay with her parents anymore. After this situation she asked for help to her cousin until she heard about the Habitat for Humanity Program in Valle del Mezquital, Hidalgo. She decided to ask for help and now, she is a new homeowner thanks for your tithes that goes to our General Program.

“Hello, my name is Maria Elena Miranda Gutiérrez.

I would like to thank Habitat for Humanity for making my dream come true:

Have my own house.

You gave me an opportunity. During all my life I have been humiliated many times and I had a lot of problems because my daughter and myself used to live in different rooms borrowed by some family members or friends.

Thanks to my community for all the effort they did to help me in the construction of my house. God bless you all”.

Sincerely

María Elena Miranda Gutiérrez
